

YBP Library Services Introduces OP Choice: Out-of-Print Titles Delivered Your Way

OP Choice, YBP's enhanced out-of-print fulfillment service, gives librarians just that – choice. Customers can define their out-of-print book search parameters, and YBP works closely with Alibris, the leading supplier of hard-to-find titles, to supply libraries with their books of choice.

OP Choice Highlights:

- ▶ Customers define out-of-print book search parameters for price, edition, imprint, format and condition, and then, Alibris searches its network for titles.
- ▶ Alibris is the leading provider of out-of-print books to academic libraries.
 - ❖ Maintains a network of 14,000 booksellers in 35 countries
 - ❖ Access to 100 million books
 - ❖ Includes non-U.S. imprints
- ▶ YBP staff works with the library support team at Alibris.
- ▶ YBP staff manages your orders and Alibris relationship.
- ▶ Customers have option of combining cataloging and physical processing with their out-of-print book purchases.

This service makes YBP your total solution for title fulfillment.
